TERMS AND POLICIES

METHODS OF PAYMENT AVAILABLE:

SCHOOL PURCHASE ORDERS: Must be mailed or faxed with proper signatures. A purchase order number without a copy of the purchase order will not be accepted. Payment will be due in 30 days. All discounts will be voided if payment is not paid within due date. Late charges will also be applied if not paid within terms.

CREDIT CARDS: We accept MasterCard, Visa, Discover, American Express & Optima. For your protection, we reserve the right to verify all credit card orders.

CASHIER'S CHECK OR MONEY ORDER: Please make checks payable to "Pom Express". Orders will not be entered until payment is received in our office unless other arrangements are made.

PERSONAL CHECKS: Are accepted but will delay your order from 7-10 days. Orders will not be entered until check clears the bank. A \$25.00 service charge will be assessed for all returned checks.

LETTER OF AUTHORIZATION: A letter authorizing the purchase of and guaranteeing the payment for poms must be made on your school or organization's letterhead, signed by the principal, athletic director, or organization president or treasurer. A 50% deposit will be due upon placement of your order, with the balance due before receipt of your goods.

RETURN POLICY AND CANCELLATIONS:

RETURNS AND EXCHANGES: All poms are custom made and may not be returned unless defective. It is the responsibility of the customer to doublecheck all artwork for correctness. Proofs can be provided at an additional charge if requested. We stand behind all our products. If you have a question regarding colors or styles, please call us for information. Color swatches are available from all of our manufacturers. We strongly advise using swatches for metallics and for those who wish to closely match team colors. If you experience a problem, please contact us immediately.

CANCELLATIONS: Poms are custom made for each customer. Once an order has entered into production, it is impossible to cancel unless they are "stock" poms.

DELIVERY SCHEDULES:

DELIVERY: Non-printed orders are normally produced within 3-7 working days after they are received by us, except July-October, when orders are produced within 2-3 weeks. Imprinted poms and fundraising items generally take 2-3 weeks regardless of the time of year. Please allow for additional shipping time as well. If you wish, you may have your order sent via 1 or 2-day air delivery for an extra charge. This will not decrease the time required to process your order but will decrease the amount of time it takes to deliver your order. We will be happy to advise approximate delivery dates and will do our utmost to provide you with the very fastest delivery possible. We assume no liability, however, for delivery delays due to carrier delays, weather, accidents, or other causes beyond our control.

INTERNATIONAL SHIPPING:

We are happy to deliver your order just about anywhere in the world! We are unable to guarantee a specific delivery date to orders shipped outside the US due to problems with international carries and/or Customs. We can provide you with several quotes for shipping and an explanation of each method so you are able to make an informed decision regarding your order. Orders that do not specify a shipping choice will ship with the US Postal Service. All Customs duties, taxes or other charges are the responsibility of the customer.

ALL ORDERS ARE CONTINGENT UPON ARTWORK APPROVAL! ARTWORK MUST BE SUBMITTED WHEN ORDER IS PLACED

ARTWORK REQUIREMENTS:

All artwork must be supplied in a digital format. There is a \$15.00 (v) charge for art not submitted digitally. Fonts must be converted to outlines or curves. If converting the fonts is not possible, send the font file with the art. (Typically a *.ttf or *.otf file on a windows machine). All images submitted are printed as is and scaled as needed unless otherwise specified. It is your responsibility to have all images proofed and adjusted to your satisfaction before submission. Templates show cut lines and live areas. Items that are available in four color process include bleed lines.

SUPPORTED SOFTWARE/FILE FORMAT:

Corel Draw up to X5 (*.cdr, *.eps), Photoshop (*.psd, *.pdf), Adobe Indesign (*.indd, *.pdf)

PREFERRED SOFTWARE/FILE FORMATS:

Illustrator (*.ai, *.eps, *.pdf).

ART E-MAIL ADDRESS: custserv@pomexpress.com

SCREENPRINTING:

The direct imprinting of a design or copy onto the surface of a product. Ink is pressed through an imaged tension nylon mesh, leaving a paint-like appearance. Sharper imprint than Pad Printing but requires a relatively flat surface without obstructions. Artwork should be supplied in a vector format or be simple black and white images. For files that contain raster images, art charges will apply. Halftones are to be no more than 55 line screen at 100% with 25%-75% shading.

DIGITAL FOUR COLOR PROCESS:

Process that recreates images using patterns of tiny dots of CMYK ink. Pantones or PMS colors will not be reproduced precisely but can be used as a reference for color matching. If a specific color is required, request color swatch samples. If pantone colors are used in the artwork they will be converted to CMYK colors and matched as closely as possible. Artwork can be in either vector or raster images. Artwork supplied in raster image format must be 300dpi at size or pixilation may occur. Text print sizes on all digital items can be no smaller than 10pt font. Samples can be requested of anything smaller than 12 pt to see if the requested text will print on the medium requested and for approval. Some PMS colors fall outside the achievable CMYK gamut range. Metallic and neon colors cannot be printed in 4 color process.

REPRODUCTION OF ART:

Due to the textures and surfaces of products such as plastic balls, pennants and foam, it may not be possible to reproduce art with extremely sharp detail or with fine lines and halftones. Generally darker inks reproduce better on lighter surfaces or substrates. Please Note: due to the taper of stadium cups, sports balls, and megaphones, some artwork may appear distorted when printed.

Megaphones

Made of durable molded plastic and available in sport colors, each megaphone comes with its' own steel handle and an aluminum mouthpiece which features a special "germ-resistant" finish.

Available in the following sizes:

CMP13 - 13" Small

ALL ORDERS ARE CONTINGENT UPON ARTWORK APPROVAL! ARTWORK MUST BE SUBMITTED WHEN ORDER IS PLACED

ARTWORK REQUIREMENTS:

All artwork must be supplied in a digital format. There is a \$15.00 (v) charge for art not submitted digitally. Fonts must be converted to outlines or curves. If converting the fonts is not possible, send the font file with the art. (Typically a *.ttf or *.otf file on a windows machine). All images submitted are printed as is and scaled as needed unless otherwise specified. It is your responsibility to have all images proofed and adjusted to your satisfaction before submission. Templates show cut lines and live areas. Items that are available in four color process include bleed lines.

SUPPORTED SOFTWARE/FILE FORMAT:

Corel Draw up to X5 (*.cdr, *.eps), Photoshop (*.psd, *.pdf), Adobe Indesign (*.indd, *.pdf)

PREFERRED SOFTWARE/FILE FORMATS:

Illustrator (*.ai, *.eps, *.pdf).

ART E-MAIL ADDRESS: custserv@pomexpress.com

SCREENPRINTING:

The direct imprinting of a design or copy onto the surface of a product. Ink is pressed through an imaged tension nylon mesh, leaving a paint-like appearance. Sharper imprint than Pad Printing but requires a relatively flat surface without obstructions. Artwork should be supplied in a vector format or be simple black and white images. For files that contain raster images, art charges will apply. Halftones are to be no more than 55 line screen at 100% with 25%-75% shading.

DIGITAL FOUR COLOR PROCESS:

Process that recreates images using patterns of tiny dots of CMYK ink. Pantones or PMS colors will not be reproduced precisely but can be used as a reference for color matching. If a specific color is required, request color swatch samples. If pantone colors are used in the artwork they will be converted to CMYK colors and matched as closely as possible. Artwork can be in either vector or raster images. Artwork supplied in raster image format must be 300dpi at size or pixilation may occur. Text print sizes on all digital items can be no smaller than 10pt font. Samples can be requested of anything smaller than 12 pt to see if the requested text will print on the medium requested and for approval. Some PMS colors fall outside the achievable CMYK gamut range. Metallic and neon colors cannot be printed in 4 color process.

REPRODUCTION OF ART:

Due to the textures and surfaces of products such as plastic balls, pennants and foam, it may not be possible to reproduce art with extremely sharp detail or with fine lines and halftones. Generally darker inks reproduce better on lighter surfaces or substrates. Please Note: due to the taper of stadium cups, sports balls, and megaphones, some artwork may appear distorted when printed.

Custom Yard Signs & Stakes

- Made of 4 mm corrugated plastic.
- Imprinted with high-quality, waterproof ink.
- Available in 30 custom shapes.
- Optional fixed-metal rods attach easily to anchor signs firmly to the ground.

Stake options:

YSH1030 - Standard 10" x 30" sign stake.

YSH2X24 - Two 24" Sign Stakes.

YSH68 - 6" x 8" Piggy Back sign stake.

- Optional brass grommets available.
- Made in the USA.

PREFERRED SOFTWARE/FILE FORMATS:

Illustrator (*.ai, *.eps, *.pdf).

ART E-MAIL ADDRESS: custserv@pomexpress.com

SCREENPRINTING:

The direct imprinting of a design or copy onto the surface of a product. Ink is pressed through an imaged tension nylon mesh, leaving a paint-like appearance. Sharper imprint than Pad Printing but requires a relatively flat surface without obstructions. Artwork should be supplied in a vector format or be simple black and white images. For files that contain raster images, art charges will apply. Halftones are to be no more than 55 line screen at 100% with 25%-75% shading.

DIGITAL FOUR COLOR PROCESS:

Process that recreates images using patterns of tiny dots of CMYK ink. Pantones or PMS colors will not be reproduced precisely but can be used as a reference for color matching. If a specific color is required, request color swatch samples. If pantone colors are used in the artwork they will be converted to CMYK colors and matched as closely as possible. Artwork can be in either vector or raster images. Artwork supplied in raster image format must be 300dpi at size or pixilation may occur. Text print sizes on all digital items can be no smaller than 10pt font. Samples can be requested of anything smaller than 12 pt to see if the requested text will print on the medium requested and for approval. Some PMS colors fall outside the achievable CMYK gamut range. Metallic and neon colors cannot be printed in 4 color process.

REPRODUCTION OF ART:

Due to the textures and surfaces of products such as plastic balls, pennants and foam, it may not be possible to reproduce art with extremely sharp detail or with fine lines and halftones. Generally darker inks reproduce better on lighter surfaces or substrates. Please Note: due to the taper of stadium cups, sports balls, and megaphones, some artwork may appear distorted when printed.

Plastic Badges

- Made of lightweight, yet durable plastic.
- Reclosable safety pin backing.
- Standard, Custom, Sports & Mascot Shapes.
- Over 75 unique designs.
- Optional magnet or bulldog clip attachment available.

pin back

optional magnetic back

optional bulldog clip

| ITEM | DESCRIPTION | QTY | 100 | 250 | 500 | 1000 | 2500 |
|--------|-------------|-----|------|-----|-----|------|------|
| Badges | Badge | | 1.09 | .85 | .75 | .69 | .65 |

Imprinting Price includes 1 color, 1 side imprint.

Die Charge Add \$45.00 per color.

Add'l Colors Add \$.20 per unit for each additional color

Optional Attachments Add \$.40 per piece for bulldog attachment

Art Charge \$31.25 minimum if artwork is not camera ready.

Minimum Order The minimum amount you can order for imprinted travel mugs is 100 pieces.

Production Time Production schedules vary from 5-15 business days depending on the time of year.

ALL ORDERS ARE CONTINGENT UPON ARTWORK APPROVAL! ARTWORK MUST BE SUBMITTED WHEN ORDER IS PLACED

Custom Buttons

- Durable metal disk backing with reclosable safety pin.
- Mylar shell protects imprint.
- Many styles and sizes available.
- Four color process imprint.
- Made in the USA.

Imprinting Price includes 1 color, 4 color process imprint. Does not include die charge.

Die Charge Add \$45.00 per color.

Please Note: Buttons are printed in four color process inks and not Pantone colors. Metallic, neon and spot colors are not available.

Art Charge \$31.25 minimum if artwork is not camera ready.

Minimum Order The minimum amount you can order for buttons/badges is 100 pieces.

ALL ORDERS ARE CONTINGENT UPON ARTWORK APPROVAL! ARTWORK MUST BE SUBMITTED WHEN ORDER IS PLACED

ARTWORK REQUIREMENTS:

All artwork must be supplied in a digital format. There is a \$15.00 (v) charge for art not submitted digitally. Fonts must be converted to outlines or curves. If converting the fonts is not possible, send the font file with the art. (Typically a *.tff or *.otf file on a windows machine). All images submitted are printed as is and scaled as needed unless otherwise specified. It is your responsibility to have all images proofed and adjusted to your satisfaction before submission. Templates show cut lines and live areas. Items that are available in four color process include bleed lines.

SUPPORTED SOFTWARE/FILE FORMAT:

Corel Draw up to X5 (*.cdr, *.eps), Photoshop (*.psd, *.pdf), Adobe Indesign (*.indd, *.pdf)

PREFERRED SOFTWARE/FILE FORMATS:

Illustrator (*.ai, *.eps, *.pdf).
